“AI Solutions for Industry and Business ”

Wednesday 23 March 2022 | 16:30

1. BRYQ: *Talent Intelligence that works*

A Talent Intelligence platform that transforms HR decision making in hiring, growing and retaining talent based on objective data

TRL	9	Time to market (months)	0	Funds invested (€k)	2.000	More funds needed (€k)	YES
-----	---	-------------------------	---	---------------------	-------	------------------------	-----

2. D-CUBE: *AI at the services of inline industrial quality control*

The Extrusion 4.0 solution is an innovative machine vision solution for inline quality control on aluminum extrusion and surface treatments.

TRL	9	Time to market (months)	0	Funds invested (€k)	500	More funds needed (€k)	-
-----	---	-------------------------	---	---------------------	-----	------------------------	---

3. FORTHSight: *Vision AI to bring human observation in the loop*

Natural interfaces, alerting and reporting from conventional cameras paired with AI that can understand human activity

TRL	6	Time to market (months)	6	Funds invested (€k)	-	More funds needed (€k)	-
-----	---	-------------------------	---	---------------------	---	------------------------	---

4. InAccel: *Run 10x faster your applications, instantly*

Helps companies run 5x-10x faster their software & ML/AI applications.

TRL	8	Time to market (months)	1	Funds invested (€k)	900	More funds needed (€k)	-
-----	---	-------------------------	---	---------------------	-----	------------------------	---

5. LOGSTAIL: *Monitoring, observability and security in an All-in-One Data Platform!*

provides a next-gen AI-Powered Cloud Monitoring & Security platform, facilitating the analysis of security and non-security data generated by IT systems and applications, by transforming raw data into actionable insights.

TRL	9	Time to market (months)	1	Funds invested (€k)	250	More funds needed (€k)	-
-----	---	-------------------------	---	---------------------	-----	------------------------	---

6. ROBENSO: *State-of-the-art robotics to address environmental problems*

Develops efficiently and at a low cost intelligent, autonomous robots capable of identifying, categorizing and physically sorting recyclables into separate bins according to their type of material.

TRL	7	Time to market (months)	5-9	Funds invested (€k)	80	More funds needed (€k)	200
-----	---	-------------------------	-----	---------------------	----	------------------------	-----

7. SCiO: *BIG DATA ANALYTICS in FOOD SYSTEMS*

A data platform providing AI-powered analytics for facilitating decision making in Food Systems.

TRL	7	Time to market (months)	6-9	Funds invested (€k)	488	More funds needed (€k)	200
-----	---	-------------------------	-----	---------------------	-----	------------------------	-----

8. **SEEMS PC:** *Seeing things, the digital way*

aRTi-D® is a deep-tech smart factory solution that monitors, controls, predicts and optimizes productions' performance, with reliability, simplicity and cost-efficiency. A 100% inhouse integrated solution (HW & SW) combining all the latest technologies (AI, IoT, Edge).

TRL	9	Time to market (months)	0	Funds invested (€k)	-	More funds needed (€k)	-
-----	---	-------------------------	---	---------------------	---	------------------------	---

9. **SPIN Analytics:** *Industrialize your credit risk modelling function with RISKROBOT™*

RISKROBOT™ allows all banks, large and small, to transform credit risk modelling and leverage credit risk experts by automating data preparation and model documentation, while maintaining transparency and auditability.

TRL	9	Time to market (months)	0	Funds invested (€k)	2.000	More funds needed (€k)	800 - 2m
-----	---	-------------------------	---	---------------------	-------	------------------------	----------

10. **UP2METRIC PC:** *Cutting-edge B2B customized Visual Automation software solutions*

A computer vision software development hub offering an end-to-end pipeline for the development of Visual Automation applications.

TRL	9	Time to market (months)	0-2	Funds invested (€k)	-	More funds needed (€k)	-
-----	---	-------------------------	-----	---------------------	---	------------------------	---

Thank you
